OUR MISSION

We value community among our neighbors, historic preservation in our buildings, and social and economic diversity among current and future residents. Our goal is to create a neighborhood where residents take pride in their homes, the streets are safe and walkable, and people of all different backgrounds enjoy living, playing, and working.

MEETINGS

Neighborhood meetings are held the first Thursday of February, April, June, August, October, and a holiday party is held in December. They are held either at the John Boner Neighborhood Center (2236 E. 10th Street) or, if the weather is nice, in our community space located the 600 block of Jefferson. Meetings start at 6:30 p.m.
